# MTC Coffee Group Unified Business Operations on the Cloud with NetSuite OneWorld

MTC Coffee is a leading wholesale distributor of coffee beans based in the Asia Pacific. It imports premium coffee beans from exotic places such as Brazil, Indonesia, Ethiopia, etc and exports to its clients from everywhere of the world.

NetSuite's versatile cloud platform supports MTC Coffee's international growth and enables it to manage its operations in real time. Automated reporting and financial consolidation are accessible in the Hong Kong head office, plus subsidiary in Australia. Multi-currency conversion streamlines its international operations.

Effective inventory management reduces financial reporting time and access to real-time stock allows the company to have an improved inventory management and logistical efficiency. MTC's use of NetSuite has led to significant savings on working on 5-6 different cloud-based functional software and spreadsheet, and improvement in sales operational efficiency.

"NetSuite is standardised yet flexible enough for us to customise for our unique industry needs with reduced IT infrastructure and maintenance cost - Netsuite is a perfect solution for us to wrap everything into one bundle."

<p>Customisability supports <b>Unique industry needs</b></p>	<p><b>Financial consolidation</b> across <b>Hong Kong and Australia</b></p>	<p><b>Robust Stock Management</b> through real-time stock visibility</p>
<p>Financial reporting <b>slashed from weeks to days</b></p>	<p><b>Seamless order creation</b></p>	<p><b>Unified operation platform</b> ensures business efficiency</p>
